Joint-Stock Company Positive Technologies,
8 Preobrazhenskaya Square, Office 60,
Preobrazhenskoye District,
Moscow 107061,
Russian Federation

RE: APPLICATION FOR ATTENDING THE CYBERSECURITY TRAINING

Refer the letter heading above.

2. I am writing to express my strong interest in attending the Positive Hack Camp in Moscow. As a passionate cybersecurity practitioner with a deep interest in ethical hacking, infrastructure defense, and offensive security, I believe this camp aligns perfectly with both my personal and professional goals.
3. With over 5 years of experience in cybersecurity, I have been actively involved in penetration testing, vulnerability assessments, and network security analysis. I regularly participate in CTFs, bug bounty programs, and open-source security research. I have also worked with tools such as Nmap, Burp Suite, Wireshark, and Metasploit, and have built scripts in Python to automate basic reconnaissance and exploitation tasks.
4. What excites me most about Positive Hack Camp is the opportunity to engage with real-world attack scenarios, learn directly from experts, and collaborate with fellow international security enthusiasts. The hands-on nature of the program, the structured curriculum, and the immersive environment make it an ideal setting to sharpen my skills and deepen my understanding of modern attack vectors and defense techniques.
5. I am especially drawn to the emphasis on ethics and practical challenges, and I'm eager to explore topics like Active Directory exploitation, evading defenses, and secure communication. I am confident that the camp will help me become not only a more effective penetration tester but also a more responsible and security-conscious professional.
6. Being selected for this opportunity would be a huge milestone in my journey. I am fully committed to contributing positively to the camp, engaging actively in every

module, and carrying the knowledge forward to support cybersecurity development in my region.

Thank you very much for considering my application. I look forward to the possibility of joining this incredible experience.

Sincerely,

Noel Mwadende,

Dar Es Salaam, Tanzania,
